MESSAGE FROM GENERAL
TOWNSHEND

THE RUSSIAN VICTORY

SIGNIFICANCE OF THE SIX-DAY

BATTLE.

RUSSIAN ARMY SPECIALS

NEW YORK, APRIL 17.

A despatch from the Petrograd correspondent of the Associated Press brings into strong relief the success achieved by the Russian troops during the recent severe fighting at the Caucasus front. Telegraphing on April 16th, the correspondent says:—

A supreme effort by the Turkish forces to capture the strategic passes of the Russian Central Araxes operating beyond Erzerum has failed. The Turkish losses have been, notably, the importance of which has been, scarcely suggested by the six-day battle, the command of the Turkish not only made a determined stand along the entire front, but also, in the vicinity of the Battle, but, organised an offensive campaign against the Turkish forces, and, in the vicinity of Erzerum. The Turkish plan was—by sudden pressure on the Russian right flank to oppose the further advance of the troops from the centre to the Black Sea coast. Relying upon the consequent weakening of the Russian centre, the Turks then hurled their forces

Erzerum, hoping to break through, and compel the coast group of Russian forces to retreat from their communications. The Russian troops were surprised by the attack, which was off from the series of Turkish assaults, and after five days of fighting they were driven back. Erzerum the Turks fell back, and the Russians took prisoners a considerable number of Turkish troops, who, confident in the success of their attack, had ventured too far forward. The Russian forces are now making advance. Warfare along the whole northern front continues with the greatest intensity. The Russian forces have been successful in regrouping of the German forces, and the Russian forces are now making advance. The main line, that Marshal Hindenburg is about to make his maximum effort to take Drank.

The first of the four Passion Services at St. Patrick's Cathedral took place last evening. The service was conducted by Mr. Charles Kelly, Mr. Thomas Marchant, and Mr. Kenneth Greer, who sang for the first time.
